

Introducing our Tilt Swivel Mount designed for 55" to 100" displays, capable of supporting up to 100 kgs of weight. This heavy-duty mount is built to provide a robust and reliable mounting solution for your large-sized TV or display.

Crafted from high-quality materials, this mount is built to last, with a sturdy construction that can handle the weight of your TV without any wobbling or instability. The tilting and swiveling features allow you to adjust your display to the perfect angle, providing an optimal viewing experience for you and your family.

Installation is a breeze, with an easy-to-use design that makes it simple to attach the mount to your TV or display. The mount is VESA compatible and comes with all the necessary hardware to ensure a secure and stable mounting solution.

TONO TILT SWIVEL LED WALL MOUNT has got ultra thin design so that it looks flush to the wall when completely folded, depth is only 50mm
