

MODEL FL 65DR

FOR UP TO 65" TV

- TV Maximum Screen Size: 65"
- Descends 73 cms
- Rotates 180 degrees
- TV Maximum Height: 82 cm
- TV Maximum Width: 145 cm
- TV Maximum Depth: 9 cm
- Maximum Weight: 55 kgs

Most ceiling mounts put the screen in one place. The FL 65DR puts it wherever you're sitting.

It folds down from the ceiling, drops to viewing height, then rotates to face the part of the room you're actually in. Three motions, fully motorized, one command. When you're done, it retracts and you're looking at a ceiling panel again.

Where the FL 100DL puts the screen at the right height, the FL 65DR also puts it at the right angle - turning to face whichever part of the room you're using.

- Fully motorized - flip, drop and rotate
- Ships Fully Assembled

MODEL FL 65DR

TECHNICAL SPECIFICATIONS

LOAD

Load capacity	55 kg - display plus ceiling panel combined
Display size	Up to 65"
Display maximum	145 cm W x 82 cm H x 9 cm D
Fixing	600 x 400

MOTION

Flip	Hinged descent from flush
